Ok

10/16/2015 4:22 PM

Seth AA (+15612709286)

I don't know this veterinarian. There's no reason that you or I should lose any of our money, when she's going to go around and charge clients for our services. She doesn't have a working block her self and could make over \$250 a bottle using it. If anything I would charge her more

Lisa Ranger Cell (3022222220)

Ok. I already had to kind of snap on her she wanted me to send this to the racetrack stable gate I said absolutely not

10/16/2015 6:59 PM

Seth AA (+15612709286)
